

# BSAVA Manual of Feline Practice: A Foundation Manual

## **Foreword**

## **Preface**

### **SECTION 1: Effective feline practice**

1. The cat-friendly practice

*Margie Scherk*

2. Preventive healthcare: a life-stage approach

*Susan Little*

3. Practical therapeutics

*Jill E. Maddison and Jo Murrell*

### **SECTION 2: Common presenting complaints**

#### **4. Feline emergencies**

4.1 Collapse

*Angie Hibbert*

4.2 Dyspnoea, tachypnoea and hyperpnoea

*Angie Hibbert*

4.3 Hypercalcaemia

*Samantha Taylor*

4.4 Hypocalcaemia

*Samantha Taylor*

4.5 Hypoglycaemia

*Samantha Taylor*

4.6 Hypokalaemia

*Samantha Taylor*

4.7 Seizures

*Laurent Garosi*

4.8 Sudden-onset blindness

*Natasha Mitchell*

4.9 Toxins – common feline poisonings

*Martha Cannon*

4.10 Trauma and wound management

*Geraldine Hunt*

4.11 Urethral obstruction

*Daniëlle-Gunn Moore*

## **5. Other common feline problems**

5.1 Abdominal effusion  
*Myra Forster-van Hijfte*

5.2 Abdominal masses  
*Myra Forster-van Hijfte*

5.3 Alopecia  
*Natalie Barnard*

5.4 Anaemia  
*Séverine Tasker*

5.5 Anorexia  
*Samantha Taylor and Rachel Korman*

5.6 Ataxia  
*Laurent Garosi*

5.7 Azotaemia  
*Kathleen Tennant*

5.8 Cat bite abscesses  
*Martha Cannon*

5.9 Constipation  
*Albert E. Jergens*

5.10 Coughing  
*Angie Hibbert*

5.11 Dehydration  
*Samantha Taylor*

5.12 Diarrhoea  
*Albert E. Jergens*

5.13 Haematuria  
*Daniëlle-Gunn Moore*

5.14 Hairballs  
*Margie Scherk*

5.15 Head shaking and/or ear scratching  
*Natalie Barnard*

5.16 Head tilt  
*Laurent Garosi*

5.17 Heart murmur  
*Kerry Simpson*

5.18 Hypertension  
*Sarah Caney*

5.19 Hyphaema  
*Natasha Mitchell*

5.20 Inappropriate defecation  
*Andrea Harvey*

5.21 Inappropriate urination, dysuria and pollakiuria  
*Samantha Taylor*

5.22 Jaundice  
*Andrea Harvey*

5.23 Lameness  
*Sorrel J. Langley-Hobbs*

5.24 Mentation and behavioural changes  
*Laurent Garosi*

5.25 Ocular discharge  
*Natasha Mitchell*

5.26 Overgrooming and pruritus  
*Natalie Barnard*

5.27 Pica  
*Samantha Taylor*

5.28 Polyphagia  
*Darren Foster*

5.29 Polyuria and polydipsia  
*Sarah Caney*

5.30 Pyrexia and hyperthermia  
*Mike Lappin*

5.31 Raised liver parameters  
*Kathleen Tennant*

5.32 Regurgitation  
*Myra Forster-van Hijfte*

5.33 Skin masses, nodules and swellings  
*Natalie Barnard*

5.34 Sneezing and nasal discharge  
*Richard Malik and Andrea Harvey*

5.35 Vomiting  
*Albert E. Jergens*

5.36 Weight loss  
*Samantha Taylor*

### **SECTION 3: Management of common disorders**

6. Managing skin disorders  
*Natalie Barnard*

7. Dental disorders and their management  
*Lisa Milella*

8. Management of eye disease  
*Natasha Mitchell*

9. Management of cardiovascular disorders  
*Luca Ferasin*

10. Management of respiratory disorders  
*Angie Hibbert*

11. Management of gastrointestinal disorders  
*Albert E. Jergens*

12. Management of hepatic and pancreatic disorders  
*Andrea Harvey*

13. Management of urinary tract disorders  
*Samantha Taylor*

14. Management of endocrine disorders  
*Nicki Reed*

15. Management of reproduction and related disorders  
*Susan Little*

16. Management of fractures and orthopaedic disease  
*Sorrel J. Langley-Hobbs*

17. Management of neurological and neuromuscular disorders  
*Laurent Garosi*

18. Management of behavioural disorders  
*Vicky Halls*

19. Infectious diseases  
*Vanessa Barrs and Julia Beatty*

20. Management of haematological disorders  
*Séverine Tasker*

21. Management of commonly encountered feline cancers  
*Mark Goodfellow*

### **Appendix**

Suture patterns  
*Geraldine Hunt*

## **Index**

### **Quick reference guides**

QRG 1.1 Calculation of energy requirements for ill cats  
*Marge Chandler*

QRG 1.2 Handling techniques for simple procedures  
*Suzanne Rudd*

QRG 1.3 Examining the eye  
*Natasha Mitchell*

QRG 1.4 Examining the mouth in a conscious cat  
*Lisa Milella*

QRG 1.5 Thoracic examination and auscultation  
*Kerry Simpson*

QRG 1.6 Performing a neurological examination  
*Laurent Garosi*

QRG 1.7 Blood sampling: practical tips  
*Martha Cannon*

QRG 2.1 Calculation of energy requirements for life stages and weight management  
*Marge Chandler*

QRG 2.2 Prepubertal neutering of kittens  
*David Yates*

QRG 2.3 Prepubertal neutering of males: castration  
*David Yates*

QRG 2.4 Prepubertal neutering of females: ovariohysterectomy  
*David Yates*

QRG 2.5 Compassionate euthanasia  
*Martha Cannon*

QRG 3.1 Giving oral medications to cats  
*Martha Cannon*

QRG 4.1.1 Intravenous catheterization  
*Samantha Taylor*

QRG 4.1.2 Approach to hypotension  
*Angie Hibbert*

QRG 4.1.3 Intravenous fluid therapy  
*Samantha Taylor*

QRG 4.1.4 Recording and interpreting an electrocardiogram  
*Luca Ferasin*

QRG 4.2.1 Immediate management of severe dyspnoea  
*Angie Hibbert*

QRG 4.2.2 Oxygen therapy  
*Angie Hibbert*

QRG 4.2.3 Emergency thoracic radiography  
*Esther Barrett*

QRG 4.2.4 Thoracocentesis  
*Angie Hibbert*

QRG 4.2.5 Inserting a chest drain  
*Geraldine Hunt*

QRG 4.2.6 Inserting a small-bore wire-guided chest drain  
*Dan Lewis*

QRG 4.4.1 Treatment of hypocalcaemia  
*Samantha Taylor*

QRG 4.5.1 Treating hypoglycaemia  
*Samantha Taylor*

QRG 4.6.1 Treatment of hypokalaemia  
*Samantha Taylor*

QRG 4.7.1 Emergency management of the seizing cat  
*Laurent Garosi*

QRG 4.10.1 Abdominal rupture and hernia management  
*Geraldine Hunt*

QRG 4.10.2 Bladder rupture repair  
*Geraldine Hunt*

QRG 4.11.1 Approach to hyperkalaemia  
*Angie Hibbert*

QRG 4.11.2 Relief of urethral obstruction in a tomcat  
*Daniëlle-Gunn Moore*

QRG 4.11.3 Urinalysis  
*Kathleen Tennant*

QRG 4.11.4 Cystocentesis  
*Margie Scherk*

QRG 5.1.1 Abdominocentesis  
*Myra Forster-van Hijfte*

QRG 5.3.1 Wood's lamp examination  
*Natalie Barnard*

QRG 5.3.2 Hair plucks  
*Natalie Barnard*

QRG 5.3.3 Skin biopsy  
*Natalie Barnard*

QRG 5.4.1 Making and examining a blood smear  
*Séverine Tasker*

QRG 5.4.2 Haematological assessment  
*Kathleen Tennant*

QRG 5.4.3 Obtaining bone marrow samples  
*Séverine Tasker*

QRG 5.5.1 Enteral assisted nutrition  
*Rachel Korman*

QRG 5.5.2 Placement of a naso-oesophageal feeding tube  
*Rachel Korman*

QRG 5.5.3 Placement of an oesophagostomy feeding tube  
*Rachel Korman*

QRG 5.10.1 Bronchoalveolar lavage (BAL)  
*Angie Hibbert*

QRG 5.15.1 Ear flushing  
*Natalie Barnard*

QRG 5.15.2 Ear cytology  
*Natalie Barnard*

QRG 5.18.1 Measuring blood pressure  
*Sarah Caney*

QRG 5.18.2 Treatment of hypertension  
*Sarah Caney*

QRG 5.21.1 Radiographic contrast studies of the lower urinary tract  
*Myra Forster-van Hijfte*

QRG 5.26.1 Coat brushing  
*Natalie Barnard*

QRG 5.26.2 Skin scrapes  
*Natalie Barnard*

QRG 5.26.3 Skin cytology  
*Natalie Barnard*

QRG 5.33.1 Fine-needle aspiration  
*Kathleen Tennant*

QRG 5.34.1 Evaluating the nasopharynx  
*Andrea Harvey and Richard Malik*

QRG 5.34.2 Nasal flushing and biopsy  
*Andrea Harvey and Richard Malik*

QRG 6.1 Dietary trial for cutaneous adverse food reaction  
*Natalie Barnard*

QRG 7.1 Dental examination, scaling and polishing  
*Lisa Milella*

QRG 7.2 Tooth extraction  
*Lisa Milella*

QRG 8.1 Enucleation  
*Natasha Mitchell*

QRG 10.1 Inhalant asthma treatment  
*Angie Hibbert*

QRG 11.1 Gut biopsy  
*Geraldine Hunt*

QRG 12.1 Liver biopsy  
*Geraldine Hunt*

QRG 13.1 Increasing water intake  
*Samantha Taylor*

QRG 13.2 Subcutaneous fluid therapy  
*Samantha Taylor*

QRG 14.1 Intracapsular thyroidectomy with preservation of the cranial parathyroid gland  
*Geraldine Hunt*

QRG 14.2 Ear vein sampling for blood glucose determination  
*Nicki Reed*

QRG 15.1 Diagnosing and managing dystocia  
*Susan Little and Geraldine Hunt*

QRG 17.1 Tail-pull injuries and tail amputation  
*Geraldine Hunt*

QRG 20.1 Feline blood types and blood typing methods  
*Suzanne Rudd*

QRG 20.2 Blood transfusion  
*Suzanne Rudd*

QRG 21.1 Lymph node excision  
*Geraldine Hunt*

QRG 21.2 Chemotherapy for lymphoma  
*Mark Goodfellow*

QRG 21.3 Pinnectomy  
*Geraldine Hunt*
