

Kirk's Current Veterinary Therapy XV

Table of Contents

Section I: Critical Care

1. Crystalloid Fluid Therapy
 2. Colloid Fluid Therapy
 3. Catecholamines in the Critical Care Patient
 4. Shock
 5. Cardiopulmonary Resuscitation
 6. Drug Incompatibilities and Drug-Drug Interactions in the ICU Patient
 7. Nutrition in Critical Care
 8. Stabilization of the Patient with Respiratory Distress
 9. Acute Respiratory Distress Syndrome
 10. Oxygen Therapy
 11. Ventilator Therapy for the Critical Patient
 12. Analgesia of the Critical Patient
 13. Anesthesia for the Critical Care Patient
 14. Hyperthermia and Heat-Induced Illness
 15. Thromboelastography
 16. Critical Illness-Related Corticosteroid Insufficiency
 17. Evaluation of Canine Orthopedic Trauma
 18. Emergency Management of Open Fractures
 19. Emergency Wound Management and Vacuum Assisted Wound Closure
- Web Chapter 1. Acid-Base Disorders
- Web Chapter 2. Drainage Techniques for the Septic Abdomen
- Web Chapter 3. Gastric Dilation-Volvulus

Web Chapter 4. Pacing in the ICU Setting

Section II: Toxicologic Diseases

20. ASPCA Animal Poison Center Toxin Exposures for Pets

21. Toxin Exposures in Small Animals

22. Urban Legends of Toxicology: Fact and Fiction

23. Drugs Used to Treat Toxicoses

24. Intravenous Lipid Emulsion Therapy

25. Human Drugs of Abuse and CNS Stimulants

26. Antidepressants and anxiolytics

27. Over-the-Counter Drug Toxicosis

28. Top 10 Toxic and Non-Toxic Household Plants

29. Herbal Hazards

30. Lawn and Garden Product Safety

31. Rodenticide Toxicoses

32. Insecticide Toxicoses

33. Pesticides: New Vertebrate Toxic Agents for Pest Species

34. Parasiticide Toxicoses: Avermectins

35. Human Foods with Pet Toxicoses: Alcohol to Xylitol

36. Automotive Toxins

37. Lead Toxicoses in Small Animals

38. Aflatoxicosis in Dogs

Web Chapter 5. Nephrotoxicants

Web Chapter 6. Reporting Adverse Events to the Food and Drug Administration - Center for Veterinary Medicine

Web Chapter 7. Respiratory Toxicants of Interest to Pet Owners

Web Chapter 8. Small Animal Poisoning: Additional Considerations Related to Legal Claims

Web Chapter 9. Sources of Help for Toxicoses

Web Chapter 10. Treatment of Animal Toxicoses: Regulatory Points to Consider

Section III: Endocrine and Metabolic Diseases

39. Bilaterally Symmetrical Alopecia in Dogs
40. Imaging in Diagnosis of Endocrine Disorders
41. CIRCI: Evidence For and Against
42. Canine Hypothyroidism
43. Feline Hyperthyroidism and Renal Function
44. Canine Diabetes Mellitus
45. Diabetic Monitoring
46. Diet and Diabetes
47. Insulin Resistance
48. Feline Diabetes Mellitus
49. Feline Hypersomatotropism and Acromegaly
50. Occult Hyperadrenocorticism: Is It Real?
51. Canine Hyperadrenocorticism Therapy
52. Ectopic Acth Syndrome and Food-Dependent Hypercortisolism In Dogs
53. Canine Hypoadrenocorticism
54. Feline Hyperaldosteronism
55. Idiopathic Feline Hypercalcemia
56. Approach to Hypomagnesemia and Hypokalemia
57. Obesity
58. Approach to Hyperlipidemia

Web Chapter 11. Canine Hypercalcemia and Primary Hyperparathyroidism

Web Chapter 12. Clinical Use of the Vasopressin Analogue Desmopressin for the Diagnosis and Treatment of Diabetes

Insipidus

Web Chapter 13. Complicated Diabetes Mellitus

Web Chapter 14. Complications and Concurrent Conditions Associated with Hypothyroidism in Dogs

Web Chapter 15. Diagnosis and Management of Large Pituitary Tumors in Dogs with Pituitary-Dependent Hyperadrenocorticism

Web Chapter 16. Differential Diagnosis of Hyperkalemia and Hyponatremia in Dogs and Cats

Web Chapter 17. Hyperadrenocorticism in Ferrets

Web Chapter 18. Interpretation of Endocrine Diagnostic Tests

Web Chapter 19. Medical Treatment of Feline Hyperthyroidism

Web Chapter 20. Nutritional Management of Feline Hyperthyroidism

Web Chapter 21. Radioiodine for Feline Hyperthyroidism

Web Chapter 22. Treatment of Hypoparathyroidism

Web Chapter 23. Treatment of Insulinoma in the Dog, Cat and Ferret

Web Chapter 24. Treatment of Non-Insulin Dependent Diabetes Mellitus in Cats Using Oral Hypoglycemic Agents

Section IV: Oncology and Hematology

59. Immunosuppressive Agents

60. Management of Immune Mediated Hemolytic Anemia in Dogs

61. Thrombocytopenia

62. von Willebrand's Disease and Other Hereditary Coagulopathies

63. Disseminated Intravascular Coagulation: Diagnosis and Management

64. Hypercoagulable States

65. Lymphocytosis

66. Quality Control for the In-Clinic Laboratory

67. Transfusion Medicine: Best Practices
 68. Bone Marrow Dyscrasias
 69. Anticancer Drugs: New Drugs
 70. Tumor Biopsy and Specimen Submission
 71. Chemotherapy Handling and Safety
 72. Treatment of Adverse Effects from Cancer Therapy
 73. Cancer Immunotherapy
 74. Advances in Radiation Therapy for Nasal Tumors
 75. Malignant Effusions
 76. Interventional Oncology
 77. Nutritional Support of the Cancer Patient
 78. Metronomic Chemotherapy
 79. Drug Update: Toceranib
 80. Drug Update: Masitinib
 81. Oral Tumors
 82. Perineal Tumors
 83. Urinary Bladder Cancer
 84. Mammary Cancer
 85. Rescue Therapy for Canine Lymphoma
 86. Plasma Cell Neoplasms
 87. Osteosarcoma
 88. Hemangiosarcoma
 89. Thyroid Tumors
- Web Chapter 25. Anticancer Drugs: New Drugs
- Web Chapter 26. Blood Typing and Crossmatching
- Web Chapter 27. Canine Soft-Tissue Sarcomas

Web Chapter 28. Collection of Specimens for Cytology

Web Chapter 29. Nasal Tumors

Web Chapter 30. Nonregenerative Anemias

Web Chapter 31. Pulmonary Neoplasia

Web Chapter 32. Surgical Oncology Principles

Section V: Dermatologic Diseases

90. Diagnostic Criteria for Canine Atopic Dermatitis

91. Treatment Guidelines for Canine Atopic Dermatitis

92. Cyclosporine Use in Dermatology

93. Allergen-Specific Immunotherapy

94. Systemic Glucocorticoids in Dermatology

95. Topical Therapy for Pruritus

96. Hypoallergenic Diets: Principles in Therapy

97. Flea Control in Flea Allergy Dermatitis

98. Treatment of Ectoparasitoses

99. Canine Demodicosis

100. Staphylococci Causing Pyoderma

101. Treatment of Superficial Pyoderma

102. Topical Therapy for Infectious Diseases

103. Methicillin-Resistant Staphylococcal Infections

104. Canine Leproid Granuloma Syndrome and Feline Leprosy

105. Dermatophytosis

106. Dermatophytosis in Catteries and Shelters

107. Hospital Disinfection for Infectious Skin Diseases

108. Principles of Therapy for Otitis

109. Topical and Systemic Glucocorticoids for Otitis

- 110. Topical Antimicrobials for Otitis
- 111. Systemic Antimicrobials for Otitis
- 112. Ototoxicity
- 113. Ear Flushing Techniques
- 114. Primary Cornification Disorders In Dogs
- 115. Alopecia X
- 116. Actinic Dermatoses and Sun Protection
- 117. Drugs for Behavior-Related Dermatoses
- 118. Superficial Necrolytic Dermatitis
- 119. Cutaneous Adverse Drug Reactions (CADR)
- Web Chapter 33. Acral Lick Dermatitis
- Web Chapter 34. Avermectins in Dermatology
- Web Chapter 35. Canine Papilloma Viruses
- Web Chapter 36. Diseases of the Anal Sac
- Web Chapter 37. Feline Demodicosis
- Web Chapter 38. Feline Viral Skin Diseases
- Web Chapter 39. House Dust Mites and Their Control
- Web Chapter 40. Interferons
- Web Chapter 41. Pentoxifylline
- Web Chapter 42. Pyotraumatic Dermatitis
- Web Chapter 43. Sebaceous Adenitis
- Web Chapter 44. Therapy of Malassezia Infections
- Web Chapter 45. Topical Immunomodulators

Section VI: Gastrointestinal Diseases

- 120. Feline Caudal Stomatitis
- 121. Oropharyngeal Dysphagia

122. Gastroesophageal Reflux
123. Antacid Therapy
124. Gastric Helicobacter
125. Diagnosis and Treatment of Motility Disorders
126. Antibiotic Responsive Enteropathy
127. Cobalamin Deficiency in Cats
128. Probiotic Therapy
129. Protozoal Diarrhea
130. Diagnosis and Treatment of Canine Parvoviral Enteritis
131. Inflammatory Bowel Disease
132. Protein Losing Enteropathy
133. Feline Gastrointestinal Lymphoma
134. Management of Canine Colitis
135. Laboratory Testing for the Exocrine Pancreas
136. Exocrine Pancreatic Insufficiency in Dogs
137. Treatment of Canine Pancreatitis
138. Feline Exocrine Pancreatic Disorders
139. Diagnostic Approach to Hepatobiliary Disease
140. Drug Associated Liver Disease
141. Acute Liver Failure Therapy
142. Chronic Hepatitis Therapy
143. Copper Chelator Therapy
144. Ascites and Hepatic Encephalopathy Therapy for Liver Disease
145. Portosystemic Shunts
146. Portal Vein Hypoplasia (Microvascular Dysplasia)
147. Management of Extrahepatic Biliary Tract Disease

- 148. Idiopathic Vacuolar Hepatopathy
- 149. Feline Hepatic Lipidosis Therapy
- 150. Feline Inflammatory Liver Disease
- Web Chapter 46. Canine Biliary Mucocele
- Web Chapter 47. Canine Megaesophagus
- Web Chapter 48. Copper Associated Chronic Hepatitis
- Web Chapter 49. Esophagitis
- Web Chapter 50. Evaluation of Elevated Serum Alkaline Phosphatase in Dogs
- Web Chapter 51. Flatulence
- Web Chapter 52. Gastric Ulceration
- Web Chapter 53. Hepatic Support Therapy
- Web Chapter 54. Oral Pharyngeal Dysphagia
- Web Chapter 55. Tylosin Responsive Diarrhea

Section VII: Respiratory Diseases

- 151. Respiratory Drug Therapy
- 152. Feline Upper Respiratory Tract Infection
- 153. Canine Infectious Respiratory Disease Complex
- 154. Rhinitis in the Dog
- 155. Rhinitis in the Cat
- 156. Brachycephalic Airway Obstruction Syndrome
- 157. Nasopharyngeal Disorders
- 158. Laryngeal Diseases
- 159. Tracheal Collapse
- 160. Chronic Bronchial Disorders in the Dog
- 161. Chronic Bronchitis and Asthma in Cats
- 162. Pneumonia

163. Eosinophilic Pulmonary Diseases

164. Pleural Effusion

165. Pneumothorax

166. Pulmonary Thromboembolism

167. Pulmonary Hypertension

Web Chapter 56. Interstitial Lung Diseases

Web Chapter 57. Respiratory Parasites

Section VIII: Cardiovascular Diseases

168. Nutritional Management of Heart Disease

169. Systemic Hypertension

170. Bradyarrhythmias

171. Supraventricular Tachyarrhythmias in Dogs

172. Ventricular Arrhythmias in Dogs

173. Feline Cardiac Arrhythmias

174. Congenital Heart Disease

175. Drugs for Treatment of Heart Failure

176. Management of Heart Failure in Dogs

177. Chronic Valvular Heart Disease in Dogs

178. Dilated Cardiomyopathy in Dogs

179. Arrhythmogenic Right Ventricular Cardiomyopathy

180. Feline Myocardial Diseases

181. Arterial Thromboembolism

182. Pericardial Effusion

183. Feline Heartworm Disease

184. Canine Heartworm Disease

Web Chapter 58. Arrhythmogenic Right Ventricular
Cardiomyopathy in the Cat

Web Chapter 59. Bradyarrhythmias and Cardiac Pacing

Web Chapter 60. Cardioversion

Web Chapter 61. Infective Endocarditis

Web Chapter 62. Mitral Valve Dysplasia

Web Chapter 63. Myocarditis

Web Chapter 64. Patent Ductus Arteriosus

Web Chapter 65. Pulmonic Stenosis

Web Chapter 66. Subaortic Stenosis

Web Chapter 67. Syncope

Web Chapter 68. Tricuspid Valve Dysplasia

Web Chapter 69. Ventricular Septal Defect

Section IX: Urinary Diseases

185. Applications of Ultrasound in Diagnosis and Management of Urinary Disease

186. Prevention and Management of AKI/ARF in the Hospital

187. Proteinuria

188. Glomerular Disease and Nephrotic Syndrome

189. Chronic Kidney Disease in Dogs and Cats

190. Using NSAIDs in Kidney Disease

191. Medical Management of Acute Kidney Injury/ARF

192. CRRT

193. Surveillance for Asymptomatic and Hospital Acquired UTI

194. Persistent E. coli UTI

195. Interventional Strategies for Urinary Disease

196. Medical Management for Nephroliths and Ureteroliths

197. Management of Calcium Oxalate Uroliths

198. Management of Urate Urolithiasis

199. Mini-Laparotomy Assisted Cystoscopy for Cystouroliths

200. Multimodal Environmental Enrichment for FIC

201. Urinary Incontinence - Medical Management

202. Mechanical Occluder Devices for Urinary Incontinence

203. Top Ten Urology Consult Questions

Web Chapter 70. Laser Lithotripsy

Web Chapter 71. Urinary Incontinence - Bulking Agents

Section X: Reproductive Diseases

204. Breeding Management of the Bitch

205. Diagnosis of Female Reproductive Tract Disease

206. Endoscopic Transcervical Insemination

207. Pregnancy Diagnosis

208. Dystocia Management

209. Canine Postpartum Disorders

210. Nutrition in the Bitch During Pregnancy and Lactation

211. Pyometra

212. Vaginitis

213. Surgical Repair of Vaginal Anomalies in the Bitch

214. Early Age Neutering in the Dog and Cat

215. Estrus Suppression

216. Pregnancy Termination

217. Inherited Disorders of the Reproductive Tract in Dogs and Cats

218. Ovarian Remnant Syndrome

219. Pregnancy Loss in the Bitch and Queen

220. Medical Treatment of Benign Prostatic Hypertrophy and Prostatitis in Dogs

221. Methods and Availability of Tests for Hereditary Disorders of

Dogs

222. Reproductive Oncology

223. Reproductive Toxicology/Teratogens

224. Penile, Preputial, Testicular or Scrotal Diseases/Problems

Web Chapter 72. Aspermia/Oligozoospermia Caused by Retrograde Ejaculation in the Dog

Web Chapter 73. Priapism in Dogs

Section XI: Neurologic and Musculoskeletal Diseases

225. Congenital Hydrocephalus

226. Intracranial Arachnoid Cysts

227. Treatment of Intracranial Tumors

228. Metabolic Brain Disorders

229. New Maintenance Anticonvulsant Therapy for Dogs and Cats

230. Treatment of Cluster Seizures and Status Epilepticus

231. Non-Infectious/Inflammatory Diseases of the Central Nervous System

232. Peripheral and Central Vestibular Disorders of Dogs and Cats

233. Diagnosis and Treatment Degenerative Intervertebral Disk Disease

234. Degenerative Myelopathy in Dogs

235. Diagnosis and Treatment of Atlantoaxial Subluxation

236. Diagnosis and Treatment of Cervical Spondylomyelopathy

237. Craniocervical Junction Abnormalities in Dogs

238. Diagnosis and Treatment of Degenerative Lumbosacral Stenosis

239. Acquired Myasthenia Gravis in Dogs and Cats

240. Peripheral Nervous System Disorders in Dogs and Cats: Selected Myopathies in Neuropathies

241. Vascular Disease of the Central Nervous System

Web Chapter 74. Physical Therapy and Rehabilitation of Neurologic Patients

Section XII: Ophthalmologic Diseases

242. Pearls of the Ophthalmic Examination

243. Evaluation of Blindness

244. Canine Conjunctivitis

245. Tear Film Disorders of Dogs

246. Corneal Ulcers

247. Canine Non-Ulcerative Corneal Disease

248. Feline Corneal Disease

249. Canine Uveitis

250. Feline Uveitis

251. Canine Glaucoma

252. Feline Glaucoma

253. Disorders of the Lens

254. Canine Retinopathies

255. Feline Retinopathies

256. Orbital Disease

257. Canine Ocular Neoplasia

258. Feline Ocular Neoplasia

Web Chapter 75. Diseases of the Eyelids and Periocular Skin

Web Chapter 76. Canine Retinal Detachment

Web Chapter 77. Epiphora

Web Chapter 78. Ocular Emergencies

Web Chapter 79. Tear Film Disorders of Cats

Web Chapter 80. Anisocoria and Abnormalities of the Pupillary

Light Reflex: The Neuro-Ophthalmic Examination

Section XIII: Infectious Diseases

259. Common Infectious Disease Differentials for Medical Problems

260. Empiric Antimicrobial Therapy

261. Infectious and Immune Polyarthrititis

262. Use of Immunomodulators in the Treatment of Infectious Diseases

263. Use of Antifungal Drugs

264. Infectious Diseases Associated with Raw Meat Diets

265. Pet Associated Illness

266. Vaccine Associated Side-Effects in Dogs

267. Vaccine Associated Side-Effects in Cats

268. Babesiosis in North America

269. Bartonellosis, Canine

270. Bartonellosis, Feline

271. Borreliosis

272. Feline Leukemia Virus/FIV

273. Hepatozoon Americanum Infections

274. Leptospirosis

275. Neospora Caninum

276. Rickettsia Infections in Dogs and Cats (Anaplasma, Ehrlichia and Rickettsia)

277. Toxoplasmosis

278. Use of Glucocorticoids in Infectious Diseases

279. Feline Infectious Peritonitis

Web Chapter 80. American Leishmaniasis

Web Chapter 81. Canine and Feline Hemotropic Mycoplasmas

Web Chapter 82. Canine Brucellosis

Web Chapter 83. Cytauxzoonosis

Web Chapter 84. Pneumocytosis

Web Chapter 85. Pythiosis and Lagenidiosis
