

Veterinary Ophthalmology: Two Volume Set, 5th Edition

Volume 1

Contributors

Preface

SECTION I: BASIC VISION SCIENCES

Edited by Kirk N. Gelatt

1 Ocular Embryology and Congenital Malformations

Cynthia S. Cook

2 Ophthalmic Anatomy

Don A. Samuelson

3 Physiology of the Eye

Glenwood G. Gum and Edward O. MacKay

4 Optics and Physiology of Vision

Ron Ofri

SECTION II: FOUNDATIONS OF CLINICAL OPHTHALMOLOGY

Edited by Brian C. Gilger

5 Ocular Immunology

Robert English and Brian Gilger

6 Clinical Microbiology and Parasitology

David Gould and Kostas Papasouliotis

7 Clinical Pharmacology and Therapeutics

Part 1 Drug Delivery and Pharmacokinetics

Alain Regnier

Part 2 Antibacterial Agents, Antifungal Agents, and Antiviral Agents

Alison Clode

Part 3 Anti-inflammatory and Immunosuppressant Drugs

Amy Rankin

Part 4 Mydriatics/Cycloplegics, Anesthetics, and Tear Substitutes and Stimulators

Ian P. Herring

8 Veterinary Ophthalmic Pathology

Bruce H. Grahn and Robert L. Peiffer, Jr.

9 Ophthalmic Genetics and DNA Testing

Simon M. Petersen-Jones

10 Ophthalmic Examination and Diagnostics

Part 1 The Eye Examination and Diagnostic Procedures

Heidi J. Featherstone and Christine L. Heinrich

Part 2 Ocular Imaging

David Donaldson and Claudia Hartley

Part 3 Diagnostic Ultrasonography

Ursula M. Dietrich

Part 4 Electrodiagnostic Evaluation of Vision

Björn Ekesten

11 Fundamentals of Ophthalmic Microsurgery

David A. Wilkie

12 Ophthalmic Photography

Richard J. McMullen, Jr., Nicholas J. Millichamp, and Christopher G. Pirie

Volume 2

SECTION III: CANINE OPHTHALMOLOGY

Edited by Kirk N. Gelatt

13 Diseases and Surgery of the Canine Orbit

Bernhard M. Spiess and Simon A. Pot

14 Diseases and Surgery of the Canine Eyelid

Frans C. Stades and Alexandra van der woerdt

15 Diseases and Surgery of the Canine Nasolacrimal System

Bruce H. Grahn and Lynne S. Sandmeyer

16 Diseases and Surgery of the Canine Lacrimal Secretory System

Elizabeth A. Giuliano

17 Diseases and Surgery of the Canine Conjunctiva and Nictitating Membrane

Diane V.H. Hendrix

18 Diseases and Surgery of the Canine Cornea and Sclera

Eric C. Ledbetter and Brian C. Gilger

19 The Canine Glaucomas

Caryn E. Plummer, Alain Regnier, and Kirk N. Gelatt

20 Diseases and Surgery of the Canine Anterior Uvea

Diane V.H. Hendrix

21 Diseases of the Lens and Cataract Formation

Michael G. Davidson and Susan R. Nelms

22 Surgery of the Lens

David A. Wilkie and Carmen M.H. Colitz

23 Diseases and Surgery of the Canine Vitreous

Michael H. Boevé and Frans C. Stades

24 Diseases of the Canine Ocular Fundus

Kristina Narfström and Simon M. Petersen-Jones

25 Surgery of the Canine Posterior Segment

Samuel J. Vainisi, Joseph C. Wolfer, and Allison R. Hoffman

26 Diseases of the Canine Optic Nerve

Bianca C. Martins and Dennis E. Brooks

SECTION IV: SPECIAL OPHTHALMOLOGY

Edited by Thomas J. Kern

27 Feline Ophthalmology

Jean Stiles

28 Equine Ophthalmology

Brian C. Gilger

29 Food Animal Ophthalmology

Jacqueline W. Pearce and Cecil P. Moore

30 Ophthalmology of New World Camelids

Juliet R. Gionfriddo

31 Laboratory Animal Ophthalmology

David L. Williams, with contribution by Glenwood G. Gum

32 The Rabbit

David Williams

33 Exotic Animal Ophthalmology

Thomas J. Kern and Carmen M.H. Colitz

34 Neuro-ophthalmology

Aubrey A. Webb and Cheryl L. Cullen

35 Ocular Manifestations of Systemic Diseases

Part 1 The Dog

Cheryl L. Cullen and Aubrey A. Webb

Part 2 The Cat

Cheryl L. Cullen and Aubrey A. Webb

Part 3 The Horse

Cheryl L. Cullen and Aubrey A. Webb

Part 4 Food Animals

Cheryl L. Cullen and Aubrey A. Webb

Index

Please note both volumes have been indexed together to comprise a single index, which can be found at the back of either volume.
